On the night of the discovery of a duplicate Earth in the Solar system, an ambitious young student and an accomplished composer cross paths in a tragic accident.

This "deeply emotional, extraordinarily profound" (Claudia Puig, USA Today) film became a must-see sensation at the Sundance Film Festival. "Beautiful, bright and fearless" (Associated Press). Does a new Earth mean a chance at another life? Another destiny? Another self? "Another Earth is science fiction at its best" (The Hollywood Reporter)- with a mind-bending surprise ending that you will never forget.
