"The most romantic movie since *The Notebook*" Shelli Sonstein- Clear Channel

Lose yourself in timeless love with this glorious romantic story of the journey of two hearts. Artist Clare Abshire (Rachel McAdams of *The Notebook*) shares a deep emotional bond with Henry DeTamble (Eric Bana of *The Other Boleyn Girl*), a handsome librarian who travels involuntarily through time. Knowing they can be separated without warning, Clare and Henry treasure the moments they have together, imbuing them with the yearning and passion of two people imprisoned by time...and set free by love.

Based on the #1 bestseller *The Time Traveler's Wife* weaves together destiny and devotion, past and future to turn an extraordinary love into an extraordinary love story.
